Cross-stitch basics

by ellipsis box

Split your thread

Embroidery threads contain 6 strands. For stitching, it is recommended to use only 2 strands with a 14 count fabric.

Before starting: count, count, count!

Before starting, make sure to count from your starting point to make sure you'll have enough space for the whole design.

Be consistent

There is no need to pull your stitches too tight.
Try to tight them evenly for a cleaner look.

Les bases du point de croix

par ellipsis box

Divisez vos fils à broder

Les fils à broder contiennent en général 6 brins. Pour le point de croix, on recommande d'utiliser seulement deux brins pour une toile de 5.5 points par cm.

Avant de commencer, il faut compter !

Avant de commencer, comptez bien sur votre toile à partir de l'endroit où vous souhaitez commencer pour être sûr que vous auras l'espace nécessaire pour le modèle complet.

Soyez régulier

Vous n'avez pas besoin de beaucoup serrer vos points. Serrez-les de manière égale pour un rendu plus uniforme.
